

ECO bottle! To the next step!

glaco **Glaco Washer Pouch Pack 2L**

CHEMICAL LIQUID SUPER WIPER

Both resource saving and garbage reduction are evitable issues for manufacturers.

Windshield washer is one of the biggest containers of car care products and is supposed to be replaced by various bottles for resource saving and garbage reduction sooner. However ECO package hasn't taken root in car care products.

It is true that car care products are no longer special and are required an immediate response to the current society with which various environmental problems have become intertwined. Regarding Glaco Washer bottle, we have responded to resource saving and garbage reduction, as we obtained ECO mark by using recycled resin containers. Now, it's time to move on to the next stage. We strive to further reduce garbage and save resource, by using pouch pack.

1 amount of garbage goes to 1/5!

Compared with conventional 'Glaco Washer Eco', pouch pack container reduces amount of garbage by 1/5.

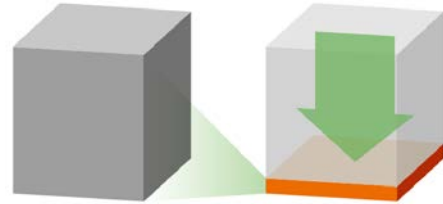

Amount of garbage
Volume : 1/5
Weight : 1/6

2 Reduces use of resin by 1/6, which drastically saves resource.

Compared with conventional 'Glaco Washer Eco' bottle, pouch pack container reduces use of resin by 1/6 (80% reduction!). It helps to save resource drastically, because previous bottles are made of petroleum.

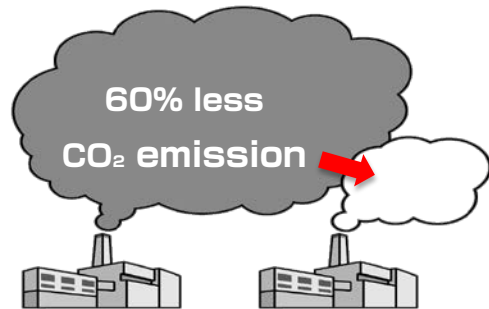

80% REDUCTION !

Conventional products Glaco Washer Pouch Pack 2L
<Amount of resin use >

3 Reduces CO₂ emission by about 60% !

Pouch pack reduces CO₂ emission by about 66% at the point of container material production, and by about 56% at the point of incineration, which means we contribute to global environmental conservation by reducing total CO₂ emission by about 60%.

4 Smooth to pour the liquid !

The pouch pack automatically shrinks as the liquid is poured. Therefore, it helps to pour it smoothly and also shortens time by 1/3 (about 14sec) to pour it all.

※Compared with Glaco Washer ECO.

■ Spec Info.

Product Name	Glaco Washer Pouch Pack 2L
Item No.	04121
Control No.	G-80
Content	2000ml
Package Dimension	W240×H260×D140mm
Net Weight	1,970g
Case Dimension	W440×H270×D300mm
Gross Weight	12.6kg
Case Unit	6pcs
ITF Code	14975759041211
JAN Code	4975759041214
Sticker Price	OPEN
Scheduled Release Date	Mar 1. 2012
