

# Cleaning Wipes for Grease and Dirt

Savior of kitchen cleaning!

Feels great to completely remove that grease and dirt!

## FEATURES

### 1. The cotton/polyester sheet generously contains newly developed cleaning liquid!

Our cotton/polyester sheet generously contains newly developed cleaning liquid which can penetrate into heavy, oily dirt. It can completely remove stubborn grease which conventional kitchen cleaning wipes can't.

### 2. Easy to remove dirt from hard-to-spray places!

Wet sheet allows you to easily clean hard-to-spray places such as the walls around cooking range and refrigerator, inside of micro wave and range hood where you can't clean with a spray product. Can be also used to induction cooker.

### 3. Removes oil splatters after cooking. Includes 20 sheets!

It allows you to easily remove oil splatters after cooking tempura, fried chicken, grilled meat, okonomiyaki, etc. It also can remove stubborn oily dirt which can't be removed by just wiping off with a wet or dry cloth. Our thick sheets allow you to clean without getting your hands dirty.
