

Easy Tire Chain

You can set it up easily, without moving the car. You do not have to install it on the inner side of tires. Not only does Urethane elastomer on tire treads have sufficient rub resistance and make less noise, but also it achieves less vibration. Installing it is an easy process and will provide a comfortable driving experience because it is thin and light.

Directions:

[Spec info.](#)

- A pair of treads
- Band × 4
- Hook × 1
- Storage bag × 1
